

HOW PARTICIPANTS USED MATERIALS PRESENTED AT THE WORKSHOPS

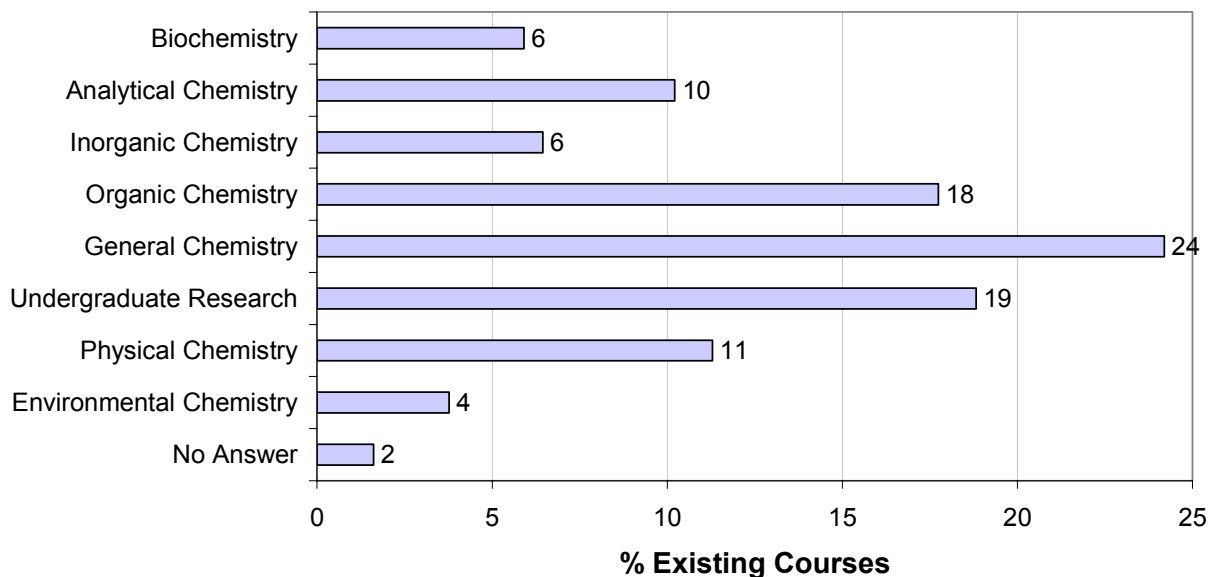

» *Participants used workshop materials in a variety of ways*

(Source: Implementation/Assessment Survey of Workshops Held Summer 2004 n=146.)

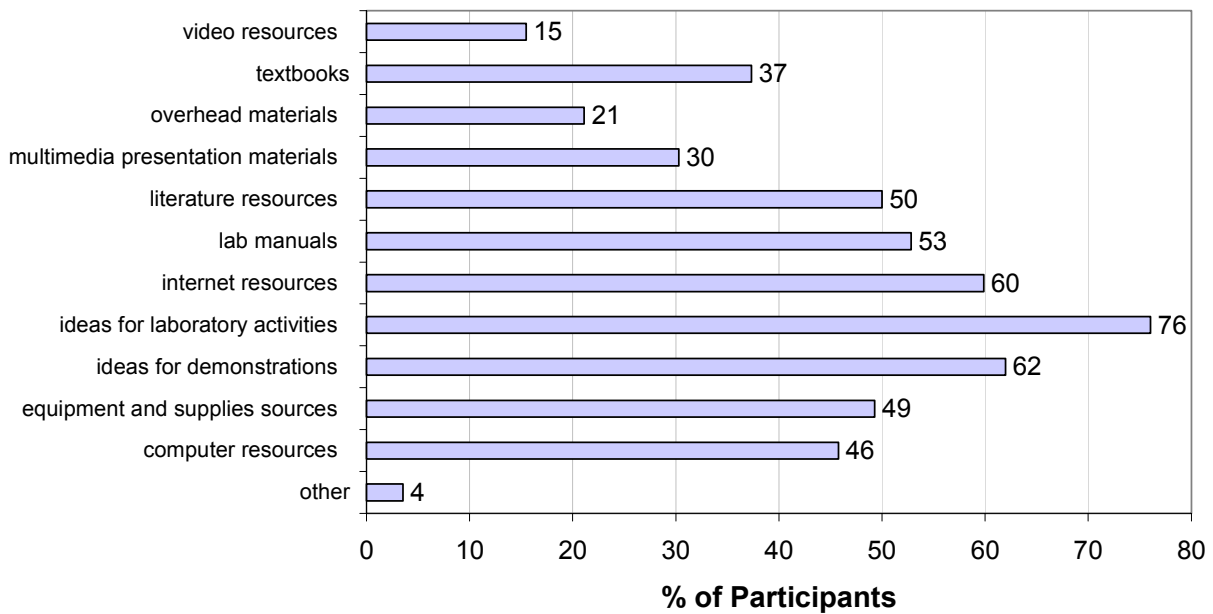

» *Participants use workshop materials across the entire curriculum*

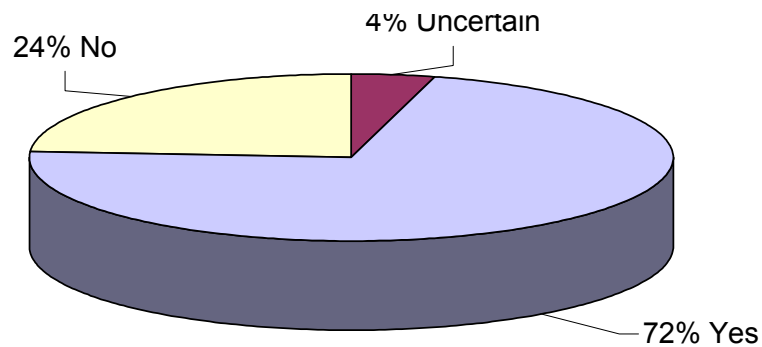

(186 courses reported by a subset of 88 participants who indicated that they would use workshop materials in science courses - from a total of 146 responding participants) Source: Implementation/Assessment Survey on Workshops Held over the Summer of 2004

» *Participants placed most value on laboratory and demonstration activities,*
(Source: Implementation/Assessment Survey of 12 summer of 2004 workshops, n=154)

» Participants expressed interest in topical websites based on the workshop
(Source: Implementation/Assessment Survey on Workshops Held Summer 2004, n=142)

Comment/Analysis.

Websites will be required in proposed future workshops and that development of these sites will be overseen by a salaried senior person as described in the proposal.
