

# Chemistry 2410 Spring 2021

## Organic Chemistry II

**Course Mode:** Online

**Lectures:** All course content (lecture videos, workshops, homework, quizzes and exams) will be available through iCollege

**Instructor:** Dr. Jeremiah D. Harden [jharden@gsu.edu](mailto:jharden@gsu.edu)

**Only emails from a GSU email will be read.**

Please allow 24 hours for a response via email Monday through Friday, emails on the weekend will not be checked until Monday.

**Problem Solving Sessions:** MWF 2:00 – 3:00 PM via WebEx. Attendance of at least one Problem Solving Session each week is expected. There will be no Problem Solving Session the day of an exam.

**Office Hours:** By appointment via iCollege. My available hours will be listed in the *Office Hours* section of Webex.

## Text and Required Materials

**Text:** *Organic Chemistry 9<sup>th</sup> edition* by John McMurry

You will need a device capable of using the Respondus Lockdown Browser and the Respondus Monitor.

If you do not have a device, you can obtain one here: <https://cetl.gsu.edu/resources/resources-for-learning-remotely/internet-options/>

## Assessments

Highest 3 Exam scores	60%
Highest 10 Quizzes	10%
Homework	5%
Participation – attending at least one problem session a week and watching course videos	5%
Final Exam	20%

### **Exams**

Four Exams will be administered through iCollege and will open at 8 AM on the day scheduled and will close the following day at 12 noon. The highest three exam grades will be averaged and will account for 55% of your grade. Exams require the use of Respondus Lockdown Browser and the Respondus Monitor.

### **Quizzes**

11 Quizzes will be administered through iCollege. The highest 10 quizzes will be averaged and account for 5 % of your grade.

### **Homework**

Weekly homework will be assigned via iCollege in the assignment folder. Homework must be submitted as a single pdf file in order to be graded. The average of your homework scores will account for 5 % of your grade.

### **Attendance**

Your attendance will be a combination of the Lecture Video viewer logs and the weekly synchronous attendance. You are expected to watch all the lecture videos in full and in a timely manner. You are also expected to attend ONE synchronous meeting every week. These two modes of interaction will account for 5% of your grade.

SUN	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY
10-Jan	11-Jan Class Begins PS 2:00 – 2:50 PM	12-Jan	13-Jan PS 2:00 – 2:50 PM	14-Jan	15-Jan Q1 Opens 8 AM PS 2:00 – 2:50 PM	16-Jan Q1 Closes 12 PM

25-Apr	26-Apr EX 4 opens 8 AM NO PS Session	27-Apr EX 4 Due 12 PM	28-Apr	29-Apr	30-Apr	1-May
2-May	3-May	4-May	5-May	6-May	7-May	8-May

## **Important Dates**

Wednesday February 3<sup>rd</sup>  
Wednesday February 24<sup>th</sup>  
Tuesday March 2<sup>nd</sup>  
Monday March 29<sup>th</sup>  
Monday April 26<sup>th</sup>

Exam 1  
Exam 2  
LAST DAY TO RECEIVE A W  
Exam 3  
Exam 4

## **Tentative Letter Grade Cut-offs:**

A+ = >96%  
A = 92% - 95%  
A- = 89% - 91%  
B+ = 85% - 88%  
B = 80% - 84%  
B- = 76% - 79%  
C+ = 72% - 75%  
C = 67% - 71%  
C- = 61% - 66%  
D = 58% - 60%  
F = < 57%

## **Exams**

There will be four in class exams and the highest three will be averaged and will count for 60% of your grade. Since the final exam covers material from the whole semester you are strongly encouraged to take all four in class exams. All Exams will be issued through the *Quiz* section of iCollege. They are single attempt, timed, multiple choice Exams. All Exams will require the use of Lockdown Browser with the Respondus WebMonitor.

## **Quizzes**

The best 9 quiz grades (out of 10) will be averaged and will count for 5% of your grade. There are no make-up quizzes. All Quizzes will be issued through the *Quiz* section of iCollege. They are single attempt, timed, multiple choice Exams. All Exams will require the use of Lockdown Browser with the Respondus WebMonitor.

## **Homework**

Written homework will be posted weekly on Wednesdays in the *Assignment* section of iCollege. The HW will be due the following Wednesday. All HW will be full work. You will download the pdf of the HW work it in full on a printout or your own paper and resubmit a pdf of your work to the Assignment Folder.

## **Missed Exams or Quizzes**

Any missed assignment (quizzes, exams, homework, will be recorded as a 0. If there is a valid excuse for the missed assignment you must fill out a Missed Assignment Form (Form is on iCollege) and submit it, along with valid documentation, to the missed assignment folder on iCollege. The missed grade will be replaced by the score of the following grade of the same type.

## **iCollege**

Students are expected to check iCollege daily for announcements or assignments.

## **Assignment Regrades**

If you have any concerns about the grade on an assignment you must submit the assignment along with a written explanation of the concern. This must be submitted within one week of the assignment being returned.

## **Workshops**

There will be non-graded practice problems distributed through iCollege. I do not collect them or check if you did them, they are for your practice. I will not post answer keys to the workshops, if you would like to check your answers you will need to come see me during office hours.

## **Participation**

Attendance is expected at every problem session, but if you attend at least one problem session in a week that will satisfy that week's participation requirement for your attendance grade. Students are expected to watch all lecture videos during the suggested time frames.

## **Class Preparation**

Students are responsible for all material covered during CHEM 2400 in addition to the material covered in the lecture and the textbook. Organic chemistry is a structured course and new material builds from previously learned material. This means that students must review previous material, especially if it was not fully understood. Students must stay up to date with the readings and assignments, so that they do not fall behind. Some suggestions for keeping up with the material are:

1. Review class notes after lecture.
2. Read the textbook ahead of time.
3. Do problems as they are assigned. Do all the homeworks and workshops and concentrate on learning the concepts and principles.

## **Use of Class Materials**

The materials used in this class, including, but not limited to, exams, quizzes, and homework assignments are copyright protected works. Any unauthorized copying of the class materials is a violation of federal law and may result in disciplinary actions being taken against the student. Additionally, the sharing of class materials without the specific, express approval of the instructor may be a violation of the University's Student Honor Code and an act of academic dishonesty, which could result in further disciplinary action. This includes, among other things, uploading class materials to websites for the purpose of sharing those materials with other current or future students.

## **Conduct**

Good conduct is expected from all students at all times. Please keep out digital interactions with each other civil. Some examples of unacceptable conduct are listed below.

- Not following the testing procedures as instructed.
- Arguing with the professor about student conduct.
- Having a cell phone available during a quiz or test.

**Chemistry Department Policy on Student Conduct and Integrity: The *Georgia State University Policy on Academic Honesty* is in force in this course. This includes but is not necessarily limited to infractions in the area of *plagiarism, cheating on examinations, unauthorized collaborations, falsification, and multiple submissions*. This policy is published in *On Campus: the Student Handbook*, which is available to all members of the university community.**

All examinations must represent your individual effort, with no unauthorized aid. To either *give* or *receive* unauthorized information during an examination is cheating, as is the use of *any* unauthorized supplementary material. In addition, all laboratory work performed in conjunction with this course must represent your individual effort. Only original data obtained by your own *in-laboratory* experimentation are permitted to be used, except when *expressly authorized* by your laboratory instructor. Data from supplementary sources, handbooks, reference literature, etc. must be *clearly referenced* (title, author, volume, pages(s), etc.). Falsification or destruction of data constitutes cheating as well. Conduct disruptive of class, examinations, or laboratories *or* falsification or destruction of information related to chemistry courses will be taken as a violation of the policies of the Board of Regents of the University System of Georgia and the Georgia State University Student Code of Conduct, Section 6.0. Any suspected offenses may be referred to the Chairman of the Department or the Dean of Students for appropriate disciplinary action.

#### **Disability Statement**

Students who wish to request accommodation for a disability may do so by registering with the Office of Accessibility Services. Students may only be accommodated upon issuance by the Office of Accessibility Services of a signed Accommodation Plan and are responsible for providing a copy of that plan to instructors of all classes in which accommodations are sought.

Your constructive assessment of this course plays an indispensable role in shaping education at Georgia State. Upon completing the course, please take time to fill out the online course evaluation.
