

Georgia State University
Chemistry 1212K
Course Syllabus, Spring 2020

Course Syllabus adjustments, Spring 2020

The following addendum/adjustments are due to COVID 19 quarantine.
The actual adjustments are to complement original Georgia State University
Chemistry 1212K Course Syllabus in order to course transition into on-line mode.

Due to COVID 19 quarantine and in accordance with instructions from the University System of Georgia, all Georgia State University classes will be delivered online beginning on Monday, March 30 and extending through the end of the Spring semester.

The university has created the [Keep Learning website](#) to walk you through the steps to prepare for your online classes, with instructions for logging on to iCollege, submitting assignments, taking quizzes, and so forth. On this same website, you can also find ways to access the range of academic supports that you will need, including tutoring, supplemental instruction and advising.

If you have trouble accessing a device internet, please Visit the [Keep Learning website](#). Please [review our suggestions](#) for Internet access and devices and, if you are still having difficulties, use the form on the site to explain your situation. We will do our best to support you.

Instructor: Dr. Elina Stroeva
Email: estroeva@gsu.edu

Send email from your GSU email account only, and mention the course in the subject

Check your iCollege page on the daily bases.
