

Chemistry 3110
Fall 2017 MM1

12:55

LECTURES: Tu-Th 12:00-12:45 a.m., 362 PSC; Read assignments before lecture
LAB: TuTh 1:00-4:45 p.m., 357 PSC, Note: lab meets after the lecture
TEXTS: 1. GSU Chem 3110 lab manual; supplied during 1st lecture/lab (included in lab fee)
2. Experimental Organic Chemistry, Wilcox and Wilcox, Prentice Hall
(Background text also used in Chem 2100/3100)

PROFESSOR: Al Baumstark, 386 PSC, 404-413-5516(if no answer use email), abaumstark@gsu.edu

OFFICE HOURS: Before lab or by appointment (email to set-up time)

GRADING:

Final Exam*	100 points (10/3)
Final Formal Report*	100 points (Due 10/4, 10:00 a.m.) *hard copy only
Preparation, Quizzes and Lab Book*,**	(No makeup quizzes will be given) <u>100 points</u> 300 points - maximum

*Must be submitted to receive a passing grade.

**Notebooks will not be returned.

Tentative Cutoffs:

A+	95%	B	80%
A	90%	B-	77%
A-	87%	C+	74%
B+	84%	C	70%
		C-	65%

NOTES:

1. Final Exam on Tuesday, Oct . 3rd.
2. Sept. 8 is the last day to drop with a W.
3. Department of Chemistry Statement on Student Integrity applies to this course (see below).
4. Attendance to **lecture** and **lab** will be recorded. Absences can result in loss of points and lower grades (Sign-in/out of lab required).
5. Lab books must be recorded in ink at the time the measurements are made to be graded! Lab books must be bound (2100 books may be used).
6. Safety glasses* are required and must be worn at all times. Proper attire including proper closed toed shoes must be worn in the lab.
7. Failure to follow safety procedures will result in expulsion from that lab session with no make-up allowed and loss of credit.
8. No chemicals in the sinks; work in hoods; proper disposal/handling procedures.

DEPARTMENT OF CHEMISTRY POLICY STATEMENT REGARDING STUDENT INTEGRITY:

The Department of Chemistry follows the university policy on academic honesty published in the "Faculty Affairs handbook" and the "On Campus: The Undergraduate Co-Curricular Affairs handbook." Any suspected offenses may be referred to the Department Chair for appropriate action.

All tests taken must represent your individual, unaided efforts. To receive or offer information during an examination is cheating. The use of unauthorized supplementary materials during tests is also cheating. All laboratory work performed during this course must reflect your individual effort. Only original data obtained by your own laboratory experimentation are permitted to be used, except when specifically authorized by your laboratory professor. Data from supplementary sources (handbooks, reference literature, etc.) must be clearly referenced (title, author, volume, page(s), etc.). Falsification or destruction of data constitutes cheating. All final reports must be original and written by the student (no copying).

<u>Lecture & Lab Dates</u>	<u>Tentative Lecture Emphasis (labwork)</u>	<u>pp. Wilcox & Wilcox</u>
Aug. 22	Safety, Objectives of course (check-in;	3-24

	begin lab = chalcone preparation, pick card with chalcone starting materials)	
Aug.24	Safety Exam, Isolation, Recrystallization, Purity, Lit. Search (recryst of chalcone)	84-102 and <u>lab manual</u> (read before lecture)
Aug29	Overview of synthetic routes (Epoxide and/or dibromide prep)	Lab Manual
Aug.31	Overview continued; structure proof (Epoxide and/or dibromide prep)	234-253 (IR)
Sept.5	Structure proof continued (Isoxazole preparation)	263-288; Lab Manual NMR
Sept.7	Methods of UV spectroscopy (Finish preparations and purifications) Last Day to Drop with a "W"	254-262
Sept.12	UV continued; optional procedures (Begin additional procedures)	Lab Manual
Sept. 14	Optional procedures (Continue additional preparations)	Lab Manual
Sept. 19	¹³ C NMR (Continue additional preparations)	263-288
Sept. 21	Form of Final Report and Final Exam (Additional procedures)	36-39
Sept. 26	Form of Final Exam continued (Last day to begin a new synthesis)	
Sept. 28	Miscellaneous topics (Finish additional procedures, complete lab works, begin clean-up)	
Oct.3	Final Exam (Clean-up; proper disposal, check-out)	

POLICY FOR WORKING IN THE LABORATORY:

Students in 3110 lab classes have permission to be in the laboratory other than their regularly scheduled lab period only when the lab is officially open and only to perform IR or Melting Point Determinations. No experiments are to be done outside of the scheduled lab time. Experiments which require over-night heating may be turned off, allowed to cool and then secured [work-up (lab work) will not be allowed].

*The student must bring a pair of safety glasses/goggles to the first lab. These may be purchased at the GSU Bookstore, the Georgia Bookstore, and most hardware stores. Students who are unable or forget to bring their glasses may **buy** a pair from their lab Coordinator by filling out a breakage form in the lab. Students who obtain glasses in this manner will pay for them at the time they check out of the lab. Students will not be allowed in the lab without their glasses/goggles. Students lacking proper shoes or attire may purchase disposable items in the lab or leave lab to change clothes, etc.
